GW-BYZGEMMOS
glass

Key to icons

◆	Epoxy primer, adhesive and grout recommended
●	Shower walls only, not walls in wet rooms or steam rooms
◆♦	Will fade in direct sunlight
* ✚	<p>Contain metal. Extreme caution must be taken when using metal mosaics in an electric shower. Always consult a qualified electrician before installation.</p> <p>Considerable care needs to be taken when installing certain metal mosaics as they may have very sharp edges. Wear thick protective gloves when handling these mosaics.</p> <p>Make sure that the grain of stainless steel is going in the same direction for all mosaic sheets otherwise it will affect the appearance of the installation. Some metal mosaics have a protective film covering either the whole surface or certain individual pieces. Keep the film in place during installation then carefully peel away. It is important to factor in time needed to peel off the film from some of those with film on individual pieces.</p> <p>Maintenance and cleaning. Not all cleaners are equally suitable for all types of tiles. We recommend the use of pH neutral cleaning products on our tiles unless otherwise stated. The use of certain acid based cleaning products may cause some of the tiles to react and change in character. Avoid using abrasive cleaners as they will scratch the surface of the mosaics.</p>
✚	Seal before use

These are Original Style's recommendations and are not necessarily exhaustive

Important technical information is indicated by an icon after the product name. These icons are explained in the chart above.

Falkus *✚◆

300 x 300 x 8mm
11 13⁄16" x 11 13⁄16" x 5⁄16"

48mm 1 7⁄8"

MW-FALMOS
copper

Area of use is indicated by the icons shown here. The key to these icons is shown right

-  Dry walls
-  Wet & dry walls (inc.showers and wet rooms)
-  Wet & dry floors (inc.showers and wet rooms)
-  Dry floors only
-  Internal use only
-  Internal & external use

External use
All our porcelain tiles have passed the ISO 10545-12 frost resistance test, making them suitable for external use. We recommend that only tiles with shod wet (4596 shod wet) slip resistance results of 36+ are used in external situations. Original Style Ltd cannot be held liable for cracking that can occur due to adverse weather conditions or poor installation.
